

The 2025 Dan Johnson Memorial Tournament

Caddie Book
2025

SrA Daniel Johnson was born in Ely, Minnesota. He enlisted in the Air Force in November 2006 and graduated from NAVSCOLEOD on Sept. 12, 2007. He was assigned to the 30th Civil Engineer Squadron at Vandenberg Air Force Base, California. SrA Johnson deployed for the first time in 2009 in support of Operation IRAQI FREEDOM. After his return, he attended the U.S. Army Mountain Warfare course and graduated with honors. He deployed for his second time on Aug. 25, 2010 and was assigned to the 755th Air Expeditionary Squadron's EOD Flight, Operating Location Bravo, Kandahar Airfield, Afghanistan. Operating from Combat Outpost Belanday, he cleared lines of communication, enabled freedom of maneuver, and ensured coalition and local national safety. While deployed, SrA Johnson was single-handedly responsible for saving the life of an Afghan National Army Soldier injured by a concealed booby-trap.

To honor him, Vandenberg named a road and placed a monument at the base entrance.

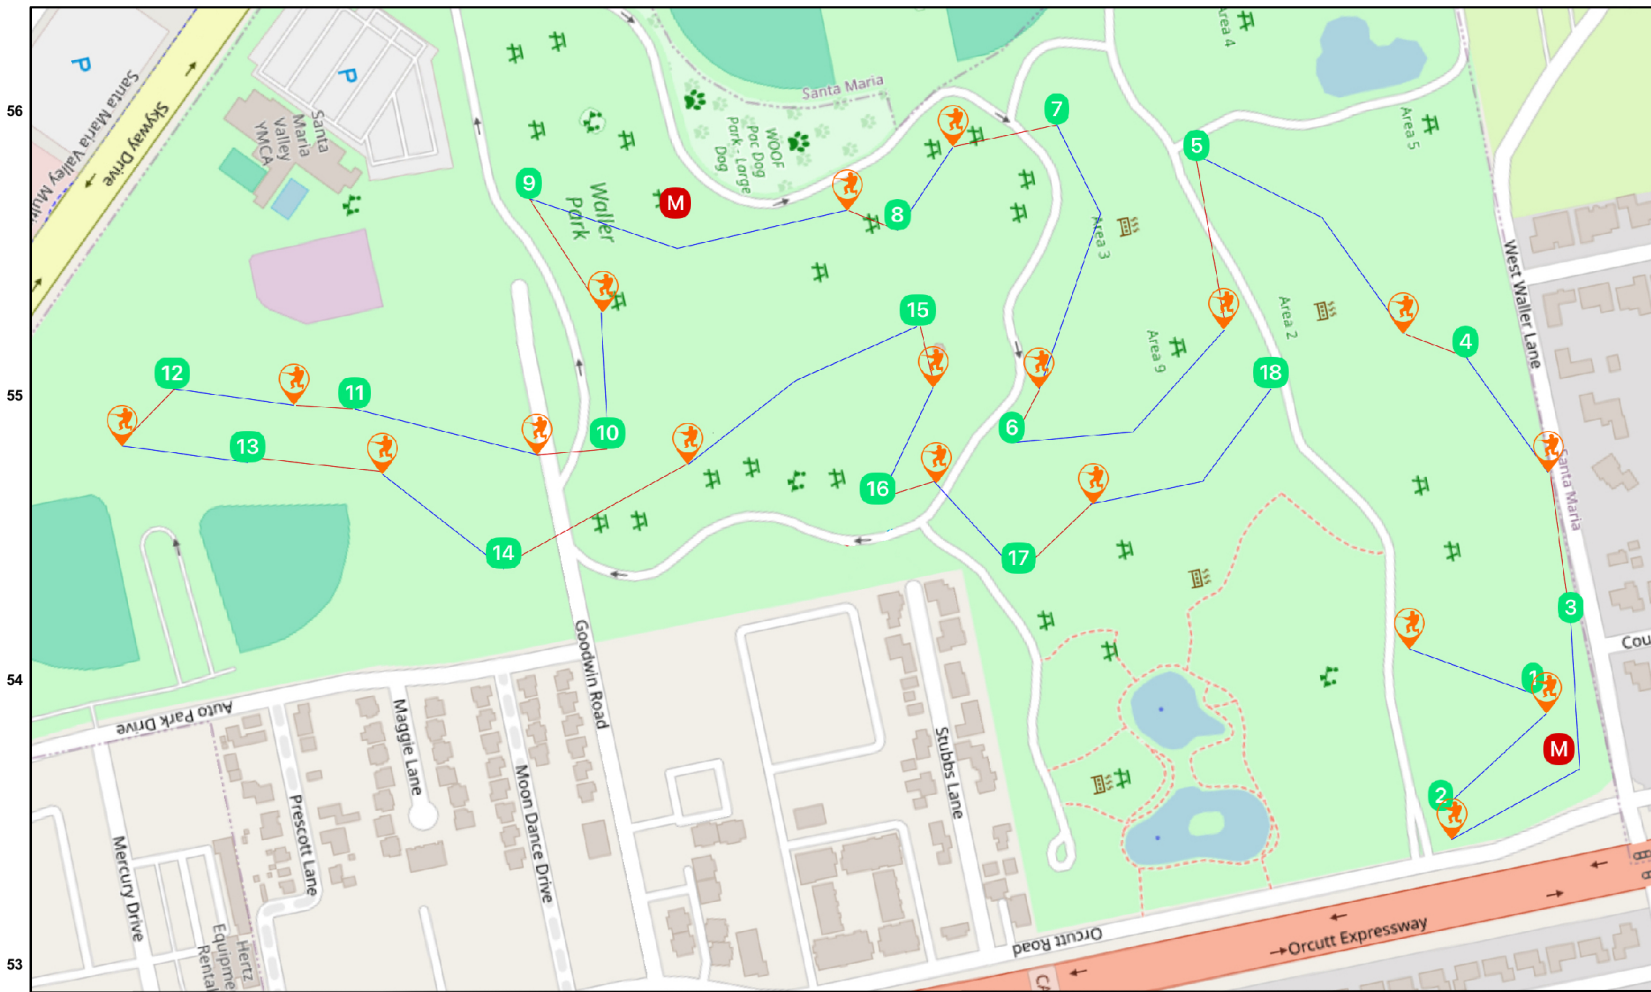

WHAT IS EOD?

EOD stands for Explosive Ordnance Disposal, the disarming and disposal of bombs. EOD technicians are highly trained military members serving in the Army, Marines, Navy, and Air Force who are responsible for disarming, rendering safe, and disposing of explosive hazards.

CHARITABLE ORG

We're hosting this event primarily to bring awareness to our community. One of the organizations we strongly believe in is the EOD Warrior Foundation. We invite you to learn more about the important work they are doing, and if you are in a position to do so, consider making a contribution in support of their mission. Our goal is simply to highlight their impact and encourage others to engage with their efforts.
