A Message from the LOC

In the Summer of 2021, The Kamloops Disc Golf Club knew they wanted to get back into the game by hosting a big tournament. The world was starting to settle down, disc golf had seen a surge of new players and there was a demand for events. The Club had their eyes set on an A Tier, but it had been more than 8 years since they had hosted an event of that size. But, you never know unless you ask! So, a letter was sent to the the PDGA asking for an opportunity to host based on the club's reputation for hosting large scale events like Canadian Nationals, the experience of those event's tournament director and the support and involvement of the City. Luckily, it was enough and the green light was given and planning started for the 2022 Tournament Capital Open.

Now, here we are, celebrating our 5th year! It seems crazy that our club is hosting it's 5th A tier in a row! But, what isn't crazy, is the vision we wanted to bring to life.

From the beginning, the goal was to create an event, not a tournament. A weekend of not just competition, but time to connect with old friends, make new friends, explore Kamloops and take in the TCO evening activities. Over the years, we have pivoted, tweaked and adjusted how things ran based on feedback from the Player's Survey. It was important to our team that those attending had a say in how the weekend played out, on and off the course! This has created an transparent and honest approach to hosting. From as many as 400+ players to a little as 170 players, The Tournament Capital Open offers the same energy, inclusiveness and community feel, leaving players coming back year after year.

Every year the LOC is made up of Board and Club members who start working, literally, the month after the event ends, to ensure the following year runs better than the last! The whole weekend is based on a years worth of volunteer work, up front and behind the scenes! We also can't forget the players, who jump in to spot and help while they aren't playing! The saying "it takes a village" is fitting when it comes to bringing together the TCO. So, when you see someone spotting, running the starter tent, helping at Tournament Central, taking care of the course, running an evening or side event, please be sure to say thank you! Without them, none of this would be possible!

When the tournament ends, the trophies are handed out and you head for home, take a minute to reflect on the City that TCO is hosted in. A city that took a chance on our sport over 25 years ago, and again in this new era of disc golf, to support the KDGC and help bring TCO to life! We all look forward to continuing to evolve and create an event that makes disc golf not just a sport but something to celebrate!

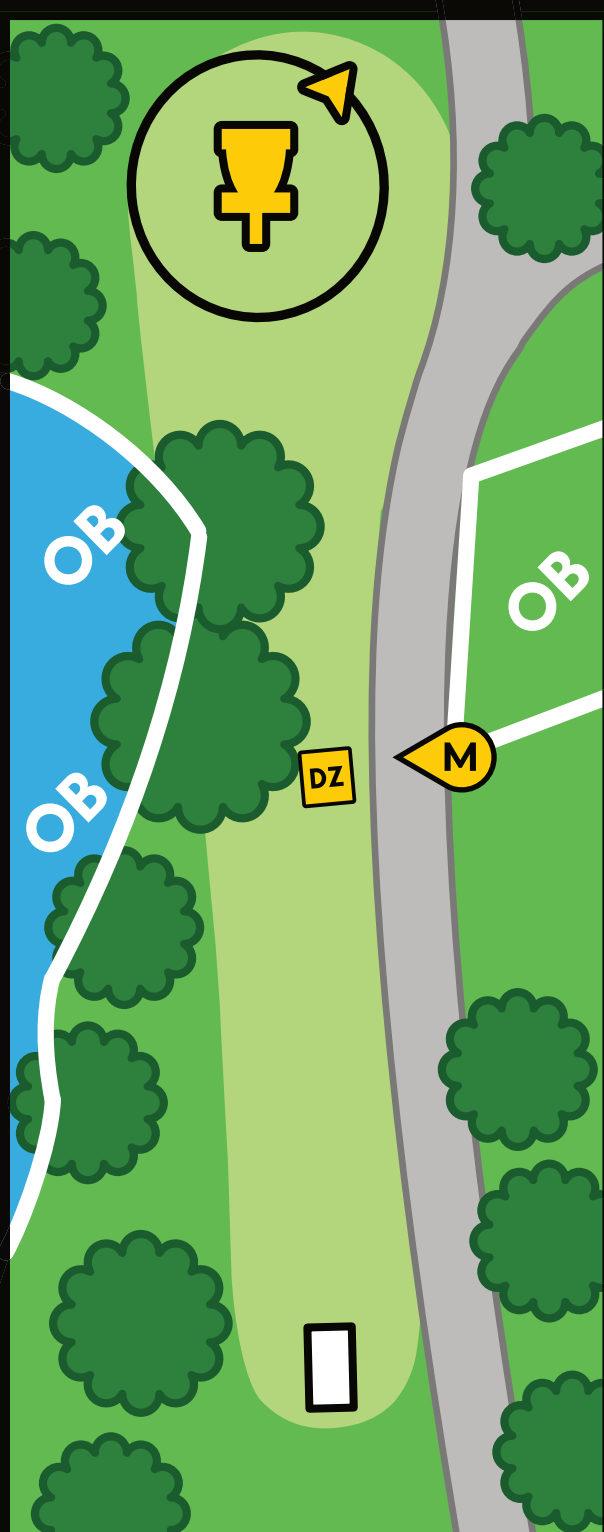

With the deepest gratitude,
~Your 2026 Tournament Capital Open Local Organizing Committee
