

# FCO 2026 preliminary Layout Guide

(Pin locations verifiable using Udisc)

More detailed hole preview forthcoming.

Hole & pin position	Hole notes
1c	All long grass, tree clumps, roads OB, except the middle clump of bushes as denoted by the tee sign.
2a	Long grass left, and deep of basket OB. Road and beyond on right side OB.
3c	Before the berm: long grass left & beyond OB. Skate park right OB. Over the right neighbour's fence OB. After the berm: Neighbour's fences right side are OB.
Temp hole A	240 ft off to the right side (where the paths converge). The only OB would be if you somehow cross into someone's yard. If you land in a spiky bush, you may either play it as it lies or treat it as casual relief back along the line of play to the first place that gives relief from the thorns (see PDGA rules 803.02). Please use a spotter; the occasional patch of long grass is very thick and can swallow discs.
Temp Hole B	215ft. Straight ahead, visible from the teepad. No OB. Again, if you land in a spiky bush, you may either play it as it lies or take optional relief back along the line of play to the first place that gives relief from the thorns (PDGA 803.02). Please use a spotter for this hole as well.  Once finished, there is a path behind the basket that leads down the hill to hole 4 long tees.
4b	Before the berm: Over the fence right side is OB After the berm: long grass right side and around the weeping willow is OB
5a	All long grass and beyond OB
6b	Long grass areas short of the berm OB. (Treed area in middle of fairway not OB, as denoted by tee sign). From longs, there is no drop zone for tee shots that never cross in-bounds. Play standard OB rules, or can always abandon the shot and re-tee with the standard 1 stroke penalty (see PDGA rules 809.01)
7a	Long grass left side OB
8a	POUND ace hole. Outside the island plays HAZARD (instead of OB; ignore the drop zone)

9b	All long grass areas left, right, and deep of the basket OB. From Longs: mando left of the first right-side tree. Will have a visible sign.
10c "beach"	All schnarb on the right side, plus path and beyond right side, is OB. (left side schnarb not OB, just absolute jail). River OB.
11b	All long grass and schnarb areas OB. River OB. Paved path and beyond on right side OB.
12c	Paved path and beyond right side OB
13b	Double mando: between the two posts. Drop zone between the two posts if mando is missed.
14b	Over the fence left is OB
15a	Deep of the basket will be a painted OB line. There will be a net up to protect 16's teepads from incoming discs, but the net will be in the OB area (it's up for safety, not to prevent you going OB).
16c	Mando: left (the whole marked tree is the mando. Drop zone left side of tree if missed). Path and beyond deep of basket OB.
17b	No OB
18 right	Paved path and beyond deep of basket OB
