## Notable PDGA Rules

- The two-meter rule, 805.02 Disc Above Two Meters, will **not** be in effect for the tournament.
- There is no out-of-bounds on the course.
- In the event of ties, 1.09 Ties, players will play sudden-death on holes 8, 9, and 10, then repeat if necessary. Sudden-death play is a format where the player or players with the lowest score on a hole move on to the next hole, and all other players are eliminated. When only one player has the lowest score on a hole, that player has won the tiebreaker, and sudden-death play is over. The Official Rules of Disc Golf and the Competition Manual apply during sudden-death play, but the throws do not accrue to the players' scores or break ties for any position other than first. **Ties only need to be broken for first place in any division.**
- 808 Scoring
  - A. Each player must keep an independent scorecard recording scores after each hole for the entire group. A player who refuses to keep score will be disqualified.
  - F. All players are responsible for reconciling and submitting their copy of the scorecard within 30 minutes of when their group finishes their round. A player who has not submitted their scorecard on time receives two penalty throws.
- 805.03 Lost Disc
  - A. A disc is declared lost if the player cannot locate it within three minutes after having arrived at the area where it is thought to be. Any player in the group or an Official may begin the timing of the three minutes and must inform the group that the timing has begun.
  - B. All players in the group must assist in searching for the disc. Failure to do so is a courtesy violation.
  - C. Once a disc has been declared lost, the status does not change if subsequently found. A player is allowed to use the disc if found.
  - D. A player whose disc has been declared lost receives one penalty throw. The next throw is made from the previous lie. If a drop zone has been designated for lost discs on the hole, the player may throw from the drop zone instead of from the previous lie.
- 3.03 Player Misconduct
  - C. The following actions also violate the above standard. Players who commit one or more of these violations will not receive a warning, and will be immediately disqualified by the Tournament Director:
    - 4. Public display or use of alcohol at PDGA events sanctioned at C-Tier or higher, or of cannabis at PDGA events sanctioned at any Tier level, even where otherwise lawful or permitted, from the two-minute signal to the time the player's scorecard is submitted.
- In the event of weather that necessitates suspending play, I will notify everyone via three airhorn blasts and the messaging feature through PDGA live scoring. We maintain a lightning perimeter for summer operations and will follow our policy. If cloud-to-ground lightning is visible or detected via our radar within our perimeter, we will suspend the chairlift for 20 minutes and tournament play for 30 minutes. For any subsequent strikes, the timer resets. More information about the PDGA policy is linked below.
