# COURSE RULES – PART I

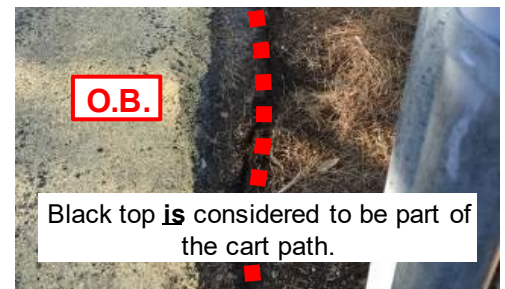

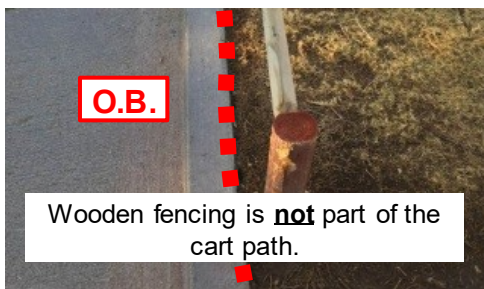

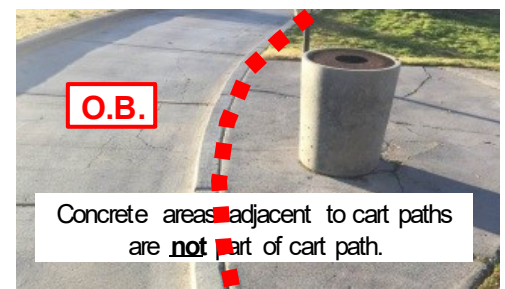

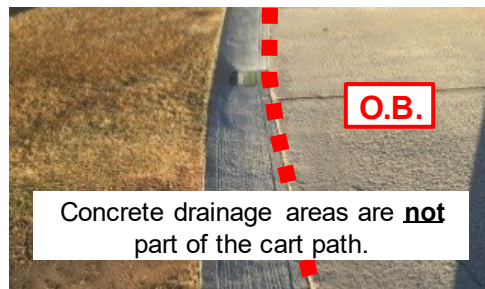

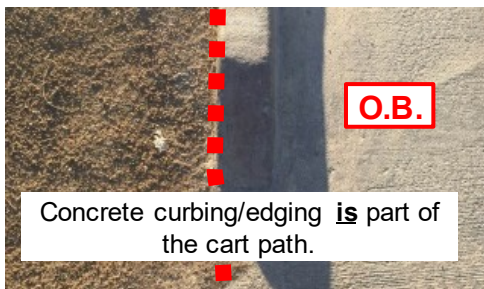

**General** - Contact the Tournament Director, **Pete Gargotto**, at **206-457-7877**, for any situations that cannot be addressed using the PDGA's provisional rule (see OR 809.02), or for emergencies.

**Awards & Distribution of Prizes** - All 1st Place sudden death play-offs for divisions playing Hole 1, 2, 32, & 33 (in that order). Ties for 2nd & 3rd Place trophies, if applicable, will be based on final hot round.

**Benefit of the Doubt** - Unlike popular belief, the phrase "benefit of the doubt" is not within the PDGA rules. Making a ruling based on what benefits the thrower only comes into play after all members, as applicable, of the group has made their best efforts at determining the ruling. This determination must be made without any regard as to whether or not the decision is beneficial to the player. **Only if the group cannot come to a majority decision (aka, a tied vote)** should a ruling be based on what is most beneficial to the player.

**Caddies** - A caddie is a person who carries a player's equipment and/or assists the player during their round. A caddie must be at least 13 years of age and must comply with the same rules & requirements as their player, including the dress code. The Player is solely responsible for their caddie's conduct from the two-minute signal until the player's scorecard is submitted. Any penalties for misconduct by a caddie will be applied to both player and caddie. Caddies are not part of the player group for the purposes of making group calls or rulings (also see Player Group).

**Cart Paths (defining O.B.)** – Unless stated otherwise (see Holes 6, 17, 23, & 29), cart path & beyond is out-of-bounds. The cart path is defined as the point where the roots of the grass and the concrete edge of the cart path (including raised edging) meet, unless otherwise marked by rope or paint. All other improvements (see examples below) adjacent to the cart path are not part of the cart path. The out-of-bounds line is a vertical up-and-down plane. The out-of-bounds line is part of the out-of-bounds area. (A disc landing on dirt or grass growing over a cart path edge is out-of-bounds when 100% of the disc is on the O.B.-side of the vertical plane.)

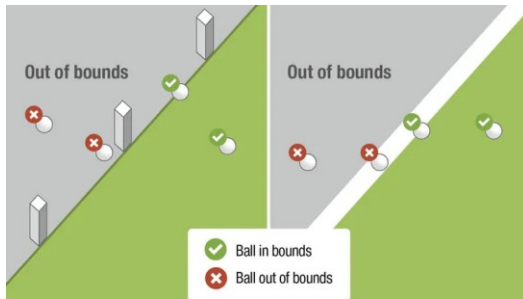

**Casual Water** - By default, any body of water that is in-bounds and has not been explicitly declared O.B. is a Casual Area (see OR 806.03). When in a Casual Area, a lie may be relocated to the nearest lie which is farther from the target and is on the line of play, at the nearest point that provides relief, without penalty.

**Discs Retrieval from Back Yards & Water Areas** - Entering into private yards or wading into water to retrieve a disc will be seen as Player Misconduct and subject to immediate disqualification at the discretion of the Tournament Director and potential criminal/trespassing charges by the City of Henderson Police.

# COURSE RULES – PART II

**Greens (defining O.B.)** - Unless marked by rope or paint, defined as the area within the first grass cut around a ball golf hole.

**Island Holes (defining O.B.)** - Disc must come to rest on marked islands (Hole 19). If islands missed, as approved by a waiver from the PDGA, take one-stroke penalty and player must take next shot from the designated drop zone.

**Out of Bounds** - In general, out of bounds will be marked either by the cart path edge, street/curb edge, pavement edge, water edge, rope, or flags. When flags or posts are used to define the out-of-bounds or hazard, a direct line connecting the two closest flags/posts shall be used to determine the out-of-bound or hazard “line.”

**Rule of Verticality** - Unlike popular belief, the phrase “rule of verticality” is not within the PDGA rules. The out-of-bounds line extends a vertical plane. If your entire disc is beyond this vertical plane, including being above the surface/playing area, then it is out-of-bounds.

**Sand Traps** - Unless stated otherwise (see Holes 32 & 34), Sand traps are hazards (see OR 8.06.05). Take one-stroke penalty and play it where it lies (lie is not relocated). No relief provided from sand traps. Unless marked by rope or paint, defined as the point where the roots of the grass and the sand meet. The hazard line is a vertical up-and-down plane. The hazard line is part of the hazard area. (A disc landing on grass growing over a sand trap is in the hazard when 100% of the disc is on the hazard-side of the vertical plane.)

**Scoring** - Each player must keep an independent scorecard recording scores after each hole for the entire group. A player who refuses to keep score will be disqualified. Players may delegate scorekeeping duties only to their designated caddie. (see CM 808.) When the round is completed, as a group, verify scores. A “group” submission is needed to address any provisionals, questions, or concerns a player or the group may have as a whole. It is easier to address such concerns with everyone present.

**Speed of Play** - All competitors shall play without undue delay and make every effort to keep up with the group in front of them. Undue delay means delays in play, other than as permitted by rule, that affect the pace of play of the group behind them. (See CM 3.02.) The rules permit you to check for wind, use rangefinders, change discs, discuss options with your caddie, etc. – but all must be done within your allowed 30 seconds. The 30 seconds starts when a reasonable amount of time is given to arrive at and determine the lie, and the playing area remains clear. (See OR 802.03.) Loud or annoying noises do not reset the 30-second clock.

**Teeing Areas** - The teeing area is defined by the area bounded by the edges of the provided tee pad (the artificial turf). When just a tee line is provided, the tee area extends 3 meters perpendicularly behind the tee line. When in use, Teeing Areas are in-bounds.

**Two Meter Rule** - Not in effect for all courses, all holes.

**Water Areas** – Unless marked by rope or paint, defined as the point where the water and the roots of the grass meet. The out-of-bounds line is a vertical up-and-down plane. The out-of-bounds line is part of the out-of-bounds area. (A disc landing on grass growing over water is out-of-bounds when 100% of the disc is on the O.B.-side of the vertical plane.)

**Zero Tolerance** - Any inappropriate activities will be dealt with immediately.
