

General Info

1. Short tees are played by all female divisions and all amateur divisions except for MA1.
2. We share these slopes with wildlife. If you see a moose, deer, bear, etc. do not approach it and do not continue play if it puts you at risk of being attacked.
3. We also share the slopes with bikers. Bikers have the right of way. Wait for them to pass before you throw.
4. With trees and hills, discs get lost sometimes. Have someone spot when possible and remember to set a timer for 3 minutes once everyone has started looking so we may maintain pace of play.
5. Hole 6 is a beast! Once your card is past the main fairway, wave in the next card and spot for them.
6. Have fun! It is written. If you don't have fun, you've broken rule number 6.
