PDGA Live Scoring Code: twin  
(All players must keep some form of a scorecard per PDGA rule)

OB rules listed below and on PDGA live hole information.

Players must follow all PDGA guidelines for this event.

This event is on a temporary layout, meaning there are natural tees and stakes to define these areas. Baskets are also not secured. We have done our best to flatten these up for stability. If for some reason a basket gets accidentally knocked over, sit it back up where it was. If someone intentionally knocks a basket over or tampers with the tee stakes, they will be disqualified!!

For a general rule of thumb:  
TWO RED STAKES – tee for the short layout  
TWO WHITE STAKES – tee for the long layout  
ONE OF EACH – shared tee

PDGA Live scoring hole information will list which color basket you are playing to before the hole information.

UDisc maps are fairly accurate, so these will be helpful to navigate.

Because of projected weather, players may tee **two feet beside** of designated tee areas in **either direction**.
