Event Handbook

Sponsored By

Course Notes

The following are notes & policies regarding the Stillwood facilities, and the disc golf courses onsite.

General Policies

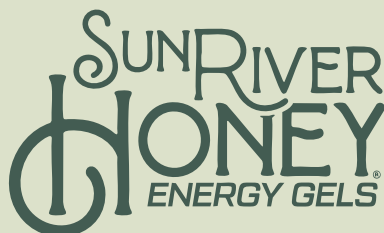

- As Stillwood operates as a childcare facility, there are unique insurance requirements that all visitors must follow:
 - Alcohol and Drug Use - The consumption of alcohol or use of non-prescribed drugs is strictly prohibited by Stillwood's insurance policy.
 - Smoking - Due to the high risk of fire, smoking is prohibited onsite. Stillwood borders BC Parks land, and this restriction applies to those areas as well.
- Other Guests Onsite - Stillwood hosts over 35,000 guests each year, so you will likely encounter other visitors and staff. If they are using an area that intersects with disc golf activities, please be patient and respectful—they have also paid to use the facilities.
- Emergencies - Should an emergency arise—or if there are complications with other guests—Stillwood has 24-hour on-call services. You can reach these services at 604-557-3902.
- Public Washrooms - Washrooms can be found at Stillwood's main office and dining hall building, there are two outhouses available on the Stillwood course.

Parking

- Stillwood provides several clearly marked parking areas for players. Please avoid parking on roadways.
- Parking outside of designated areas jeopardizes Stillwood's ability to host larger tournaments in the future.

Course Notes

- This event handbook provides details for each hole, including out-of-bounds (OB) and hazard areas.
- Outhouses are located near Holes 6/7 and 16/17.
- A gravel road runs through Holes 3–10; it sees minimal traffic and is considered inbounds.
- Four staff houses are situated on the course. Please respect these properties. The residents are accustomed to disc golf events and generally do not pose any issues to players.
- The tournament will use the red/blue 18-hole layout listed on UDisc. Holes 19 and 20 are not included in this event.
- The Blue Layout is a mix of Red and Yellow T pads. Details can be found in this handbook and on Udisc.
- The blue layout will be played by FPO, FP40 and FA1
- All other divisions will use the Red Layout.
