REGION RUMBLE INFO

This is the fifth year of the Region Rumble disc golf tournament series! This series features the best courses and toughest competition that Northwest Indiana has to offer. This year the Rumble “Board” Made some changes based on feedback from the survey put out at the end of last year:

- There are a mix of B and C tier tournaments. This raises payouts for pros and gives ams opportunities to earn more points if they are looking to earn a bid to Am Worlds.
- MA4 added! We will also adhere to PDGA rulings on including protected divisions to make sure everyone has a chance to play.
- We are not looking for any ratings series exceptions, so anyone who rates out will have to play their new division without points transferred. This encourages players to seek higher goals and gives players well within the division a chance to compete for the series trophies.

A HUGE Thanks to Our Tournament's sponsors:

Brokerworks Broker Julie Jackson

Ross Township Parks

Portage Disc Golf

PARKING

Tournament Central will be at the shelter in the southeast corner of the park (circled in drawing). There is plenty of parking right in the lot adjacent to the shelter. Overflow parking can either park in the single spots by holes 10-11, or by the playground/event center. NO PARKING IN THE GRASS BY HOLES 3-5 PLEASE.

COURSE OVERVIEW

“Features a mixture of lengths, elevations and water.”

- From DG Course Review

Jeff's Thoughts - an Editorial

DG Course review does NOT tell the whole story of the Sasquatch Layout. It has been several years since this layout has been available to the public, but they brought it back with EVEN MORE distance and difficulty, and BOY is it a doozy! At the time of writing, I have only played it in 35+mph winds, but even when those winds are at their usual it IS a factor with so much space in this lake-centered open bowl. The first two holes are your standard Hidden throws, but once you climb the rest of the sled hill and look at that 925 foot BEAST of a hole...you know you're in for a day to remember. Hidden always had that simple way of pulling your disc into that water, that tree bunch, or that ballpark. Now it's just multiplied and the stakes are literally higher!

LUNCH SUGGESTIONS!

PJ's grill just north on Broadway is a great choice. You also have the chains on US30 and 61st Ave. Pro tip - If you have never had the chicken bake at Costco it is phenomenal (5 BOOM rating!) but like a Mexican joint it will set heavy on such a long course. Tread with caution! Also if you're planning on bringing food, with the length of the course I would recommend at least 2 boxes of Uncrustables or 3 hot dogs to fuel up for the rest of your day.

COURSE MAP

Thanks to Udisc for aerial views

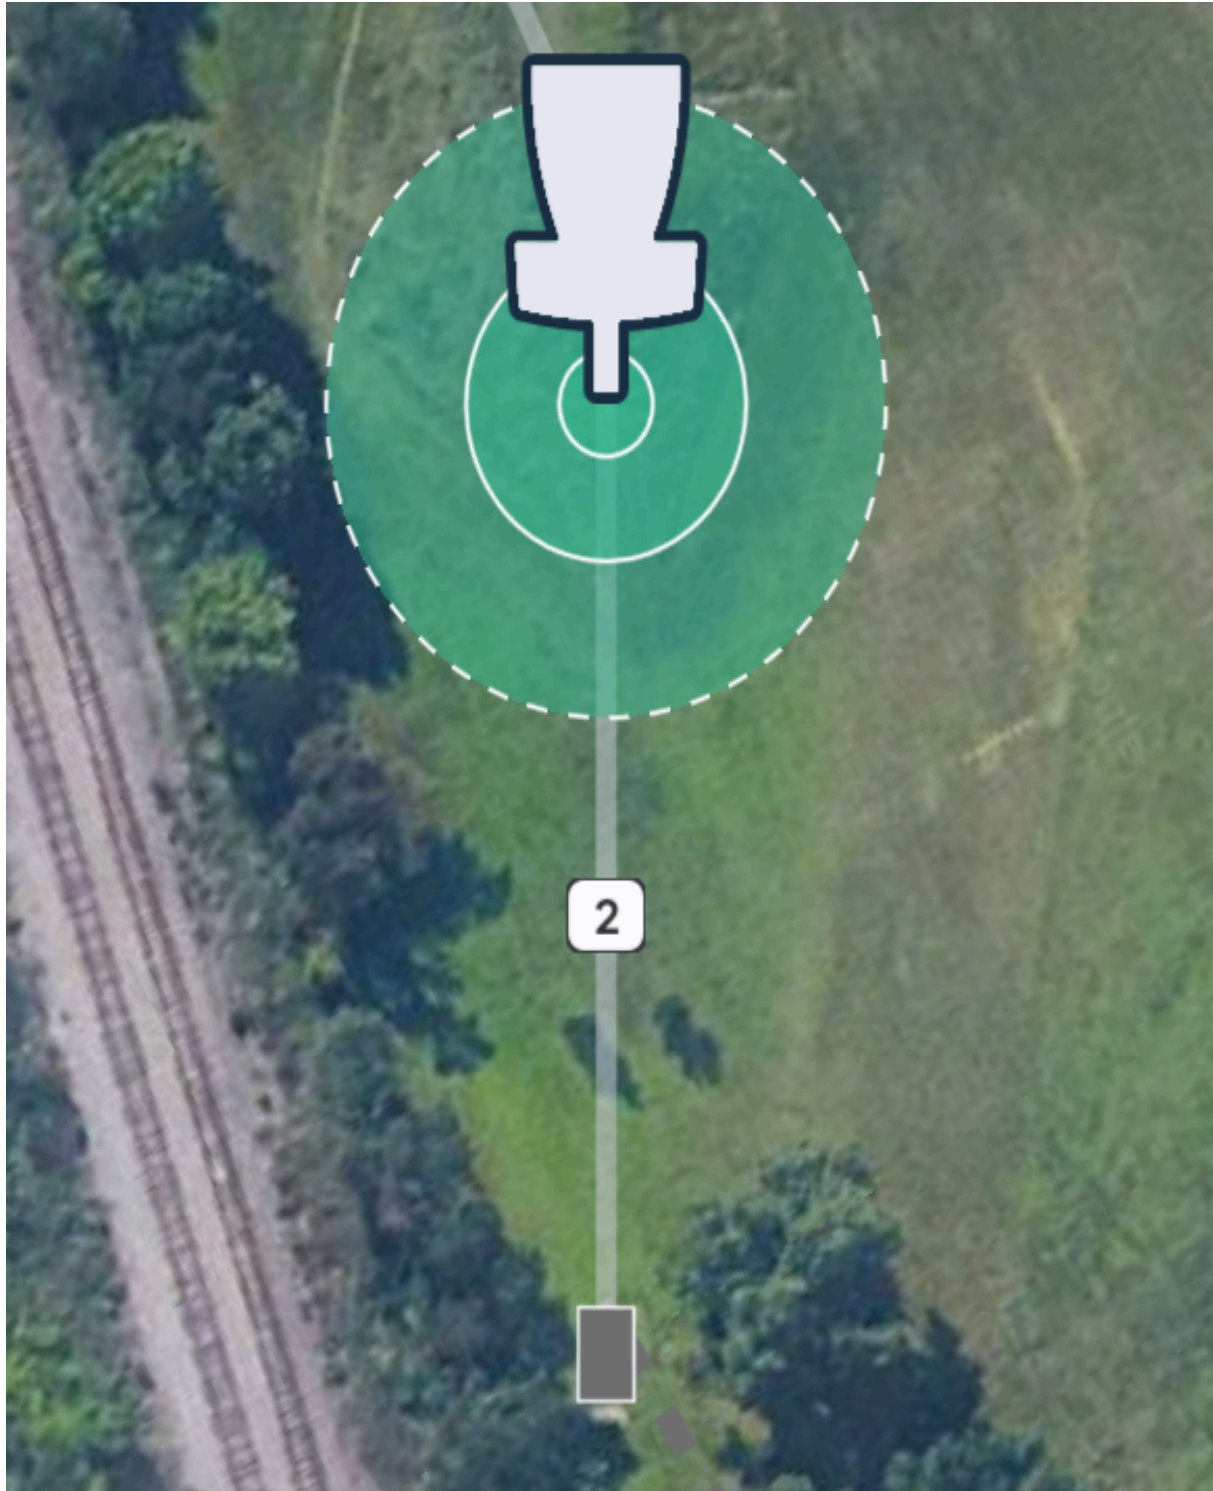

HOLE 1 - 300 Ft - Par 3

OB: Over fence

HOLE 2 - 190 Ft - Par 3

OB: Over Fence

HOLE 3 - 930 Ft - Par 4
