

Walnut Creek Caddie Book (All other AMs)

Layout: This tournament will be utilizing a special layout for the first round at Walnut Creek. This year's Battle layout provides the tee to basket configurations that we feel provide the most exciting play for Amateur divisions.

Rules for the entire course: All shots landing in the lake surrounded by water or landing on paved surfaces are OB

General Notes:

- All tee signs in this caddie-book show disc flights from the blue (long) teepad. You will be playing from a mixture of tees, please ensure you're playing from the correct tee at all times.
- Cell Service is very spotty throughout Walnut Creek, consider keeping a paper backup scorecard or using Udisc if this is a concern.
- Walnut Creek is a public park. While we have reserved (and been granted) exclusive use of the disc golf courses at both parks, there will be other members of the public enjoying the park amenities.
- You are representing our sport to these bystanders who may be unfamiliar with the course layout or how disc golf works, please be mindful of this when playing holes and remember the Disc Golfer's Code: "Never throw into a blind area or when players, spectators, pedestrians, or other facility users are within range."

- We will do our best to provide spotters on holes where spectators or other players could potentially be in the throwing lines, however that will be dependent on how many volunteers we have during the day. If necessary, please send someone from your card to spot throws.
- Ticks, poison ivy, and thorns may be present throughout the courses. Please prepare appropriately, no relief is granted for plants.
- Reach out to Kerry Finnegan if you have any questions about the course during play (540) 255-2997
