ABOUT CRUSH CUB

TDS (L-R):

Brett Hanna, Zach Bernier, Troy Sargeant

Why We Do it?

This all started out due to the lack of the events in our area and a whole lot of passion. One event rolled into the next one... and the next one. Then we started planning events a year in advance.

We've had our stumbling moments, learnings, and more. Finding our brand Crush Cub didn't happen right away and we are still growing! We are always happy to share successes and struggles with anyone who is keen.

Funds Raised:

We continue to find ways beyond green fees to fundraise for local clubs, courses and initiatives. To date we have over 30k fundraised for disc golf in the community. Thank you to everyone who's attended events, donated and helped out along the way.

What's next:

October 19th - Sunnyside Shootout - Logan Lake

Thank you for all the support and we welcome feedback always. Hope its a great event!
