Open

CADDIE BOOK

Craig Parker Memorial Disc Golf Course
Durant, Oklahoma
May 30th, 31st, & June 1st, 2025

Welcome Letter

How's it going out there everybody, this is BigFoot Mike coming at you live via Caddie Book! lol I am honored to be the Tournament Director for this event and help coordinate a unique and fun event for everyone!

Welcome to the 6th Annual Magnolia Open – Durant, Oklahoma's signature disc golf showdown on our Championship Level Course! We're thrilled to have you here and even more stoked to be partnering with MVP/Axiom this year to bring you some of the hottest plastic on the planet!

Before we dive in, let's take a moment to recognize someone who's made this all possible: Jerry Robinson, President of the Durant Disc Golf Club and Assistant TD of the Magnolia Open. From countless work hours to the unfortunate trips to the ER (thanks, poison ivy), Jerry has poured his blood, sweat, and years into elevating this course. Because of his tireless dedication and the thoughtful course updates he's made (often solo!), this track has grown into one of the premier championship level courses in the entire state of Oklahoma. Thank you, Jerry!

A big shoutout as well to several members of the Durant Disc Golf Club, Discover Durant, and the Durant Tourism Authority for backing this event and helping us share our city with the disc golf community. Every visitor, every basket, every burger sold downtown—it all matters. We appreciate your support in growing this tradition! We will be having several members of the community at the event including the City Manager and several members of the Durant City Council. They will quickly see that this isn't just a little back yard game.

The road to this weekend began back in late 2024, and the level of planning and hours logged is a testament to our community's love for the sport and our pride in honoring Craig Parker, our late DDGC President. Craig's spirit lives on in this course—and in this event. We know he's smiling down, pumped to see some elite disc golf go down on the course that bears his name. This is what he wanted - to see the best in the game right here in Durant, OK!

If this is your first Magnolia Open, Welcome! We hope you enjoy every moment—on the course, around town, and with your fellow competitors.

We look forward to a tremendous event, and thank you again for coming out and being a part of one of Oklahoma's Premier A-Tier PDGA Events! Every year we strive to raise the bar, and this one's no different. May your discs stay dry and in bounds! Let's make this year's event one to remember!

Caddie Book

Over the years, we've continually pushed ourselves to raise the bar with each Magnolia Open event—just as Craig, our late DDGC President, would have wanted. Two years ago, we began developing this Caddie Book inspired by the DGPT, with the goal of creating a comprehensive resource guide for players.

Countless hours, late nights, and hard work went into mapping the course, measuring distances with lasers, and walking the layout to ensure accuracy. We know that not every player can get in a practice round, so this Caddie Book might be the only chance some competitors have to study the course beforehand and use during the event.

I want to give special thanks to Dustin White and Jerry Robinson for going above and beyond—on top of everything they already do for the club—to help bring this project to life. Additionally I would like to recognize Jason Hicks for helping me understand and learn the Adobe Suite which we've used to put this Caddie Book together.

As some of you know, I come from an extensive ball golf background, and I've borrowed ideas from the PGA Tour and their caddie books to enhance and set a higher standard.

Beyond simple hole distances, we've included measurements to key landing zones on many of the more challenging holes. You'll find those details throughout the book, with the intent of helping players better understand what shots are required—whether they choose to play conservatively or take a more aggressive approach.

In closing, we hope this can be a guide before and during the event. If you have any suggestions and or ways to enhance this, I am all ears. Anything to support and better inform our players! Now enough reading, lets get to the caddie book!

-BigFoot Mike
