Be sure to join one of the Free Ring of Fires and attend the multiple Disc Golf Demo Sessions to make the most of your day.**

**We thank you for your continued support and for helping us create a positive impact on the course and the community. Special thanks to Tom West, Rob Holland, Andres Weber and The ODC for their support and help alongside the Friends of Metro Park staff as it takes a team to put together this great event!**

# Official Rules of Disc Golf

## 806.02 Out-of-Bounds

An out-of-bounds (OB) area is an area designated by the Director from which a disc may not be played, and within which a stance may not be taken. The out-of-bounds line is part of the out-of-bounds area. Any area of the course that is not out-of-bounds is in-bounds.

**A disc is out-of-bounds if its position is clearly and completely surrounded by an out-of-bounds area.**

A disc that cannot be found is considered to be out-of-bounds if there is compelling evidence that the disc came to rest within an out-of-bounds area. In the absence of such evidence, the disc is considered lost and play proceeds according to 805.03 (Lost Disc).

**A player whose disc is out-of-bounds receives one penalty throw.** The player may play the next throw from: The previous lie; or, a lie designated by a marker disc placed on the playing surface up to one meter away from the point where the disc was last in-bounds.

If the thrower moves the disc before a determination regarding its out-of-bounds status has been made, the disc is considered to be out-of-bounds.

## 805.03 Lost Disc

**A disc is declared lost if the player cannot locate it within three minutes after having arrived at the area where it is thought to be.** Any player in the group or an Official may begin the timing of the three minutes and must inform the group that the timing has begun.

All players in the group must assist in searching for the disc. Failure to do so is a courtesy violation.

Once a disc has been declared lost, the status does not change if subsequently found. A player is allowed to use the disc found.

**A player whose disc has been declared lost receives one penalty throw. The next throw is made from the previous lie.**

## 812 Courtesy

A player must not:

Throw if the throw might injure someone or distract another player.

Throw out of order without consent or when it would impact another player.

Engage in distracting or unsportsmanlike actions such as: Shouting, Cursing, Striking, Kicking, Throwing park, course or player equipment.

Moving or talking while another player is throwing.

Advancing beyond the away player.

Leave equipment where it may distract other players or interfere with a thrown disc.

Litter, including cigarette butts or Allow their smoke to disturb other players.

A Player Must:

Perform actions expected by the rules, including:

Helping to find a lost disc, moving equipment when asked, and keeping score properly.

Watch the other members of the group throw in order to ensure rules compliance and to help find discs.

**A player receives a warning for the first violation of any courtesy rule. Each subsequent violation of any courtesy rule by that player in the same round incurs one penalty throw.** A courtesy violation may be called or confirmed by any affected player, or by an Official. Repeated courtesy violations may result in disqualification by the Director.
