After the rounds, CTP games and food will be available for purchase.

Trophy Ceremony will be completed after all scores have been submitted/turned in and 1st place finishes determined.

Tee times will be Shotgun Start, which means all players will tee off simultaneously from their designated holes.

**If you are running late, please text me at 254-485-0308.

BEDROCK JUNIOR CLASSIC DISC GOLF TOURNAMENT

Important Rule:

The PDGA requires that all players must keep score for the whole card. Players can use paper cards or the PDGA Live app. Parents Juniors will need your support with this. Please make sure they are doing their best each hole to ask each other the scores.

General Rules for Player Pool A & B

1. All Ponds on the Carnivore Valley are out of bounds (OB), except the small pond behind the 9s basket. If you are in a pond that is (OB), there will be a drop zone marked. Please move to the drop zone and play from there with a stroke.
2. All creek water on #4, #5, #9, #10, #17, and #18 is casual water. Please take a free drop on the far side of the casual water away from the basket. You will get the feet from the nearest point of relief.
3. Fenced-in areas to the left on #1, #2, and #3 is OB. These areas are far from the run of play of the hole, but should you find yourself there, they are OB. If the fence is barbed wire, please take 6 feet from the fence. Please make sure the juniors are very careful in these areas.

General course rules for Player Pool C and the Mircoraptor:

1. There is a barbed wire fence on 1,2,3, & 4. Please take 6 feet of relief, no closer to the hole. Please make sure the juniors are very careful in these areas.
2. The fence surrounding the lines holes 5, 6, 8, & 9 is out of bounds (OB). If you go over the fence, your cardmates will determine the best possible line that you cross the fence, and then if the fence is barbed wire, take 6 feet off the fence. Please make sure the juniors are very careful in these areas.
3. Holes #6, #9, #10, and #16 have special cases where you can take a gimmie from there if you land below the basket within farm equipment or directly under the basket. For example, if you throw two shots into the feed trough on #6, you would automatically make a 3. The baskets are high on these holes, and we want to ensure you all have a fair ability to complete the hole.
4. If you go beyond the hole on #18, you can take a "drop" at the drop zone. Parents/players on the cards will make the judgment call if the player goes beyond the front of the cellar and can take the drop.

BEDROCK JUNIOR CLASSIC DISC GOLF TOURNAMENT
